7. TARIFF OF UNITED STATES CONSULAR FEES ¹

The following Tariff of United States Consular Fees is prescribed by the President under authority of section 1745, Revised Statutes, as amended by the acts of April 5, 1906 (ch. 1366, secs. 7, 8, and 9, 34 Stat. 101), and June 4, 1920 (ch. 223, secs. 1 and 2, 41 Stat. 750), to be charged by consular officers for official services. All charges for such services must be in strict accordance with this tariff, and be collected in the coin of the United States or at its representative value in exchange. No fee or compensation will be collected for any service not covered by this tariff.

The fees in this tariff are not prescribed for American vessels and seamen, because they are exempted by law from the payment of consular fees. Consular agents will make the fees in this tariff a basis of collection from the Treasury for services to such vessels. Foreign-built vessels, unregistered, owned by American citizens, and vessels documented under the laws of the Philippine Islands are not exempt from the payment of the fees prescribed herein.

Services, except those for which fees are fixed in items 8, 9, and 10, under this tariff shall be rendered free of charge when performed: (a) In connection with the settlement of the estate of any employee of the United States dying abroad while on official duty; (b) for the use of any person in the collection of claims from the United States or from any State for compensation, pensions, back pay, bounty, bonus, property loss in the service of the United States; (c) for obtaining the return of property held by the Alien Property Custodian; and (d) for the official use of the United States Veterans' Administration.

Consular officers must require all fees to be paid in advance and before the stamps are canceled, except in case of attendance out of office or of commissions, when the amount cannot be determined until the service is performed. Advance deposits to cover fees in such latter cases may be accepted but in no other.

This tariff is effective July 1, 1929, and should be posted in a conspicuous place in consular offices as required by section 1731, Revised Statutes.

18. REGULATIONS CONCERNING PRECEDENCE OF DIPLOMATIC AGENTS

The rules on this subject which have been prescribed by the Department are the same as those contained in the seven rules of the Congress of Vienna, found in the protocol of the session of March, 9, 1815, and in the supplementary or eighth rule of the Congress of Aix-la-Chapelle of November 21, 1818. They are as follows:

ARTICLE 1. Diplomatic agents are divided into three classes: That of ambassadors, legates, or nuncios; that of envoys, ministers, or other persons accredited to sovereigns; that of chargés d'affaires accredited to ministers for foreign affairs.

ART. 2. Ambassadors, legates, or nuncios only have the representative character.

ART. 3. Diplomatic agents on an extraordinary mission have not, on that account, any superiority of rank.

ART. 4. Diplomatic agents shall take precedence in their respective classes according to the date of the official notification of their arrival. The present regulation shall not cause any innovation with regard to the representative of the Pope.

ART. 5. A uniform mode shall be determined in each State for the reception of diplomatic agents of each class.

ART. 6. Relations of consanguinity or of family alliance between courts confer no precedence on their diplomatic agents. The same rule also applies to political alliances.

ART. 7. In acts or treaties between several powers which grant alternate precedence, the order which is to be observed in the signatures shall be decided by lot between the ministers.

ART. 8. . . . It is agreed that ministers resident accredited to them shall form, with respect to their precedence, an intermediate class between ministers of the second class and chargés d'affaires.

19. ORGANIZATION OF THE FOREIGN SERVICE

GENERAL INFORMATION

CONDUCT OF FOREIGN RELATIONS

The President is charged under the Constitution with the responsibility of conducting the foreign relations of the United States. The Secretary of State is his adviser in such matters and acts as the agent through whom he issues his instructions to the Foreign Service, which forms the field force through which the necessary contacts with foreign governments are established and maintained.

REPRESENTATION IN FOREIGN COUNTRIES

The United States maintains embassies and legations at the capitals of some 56 foreign countries, and consulates general, consulates, and vice consulates in some 255 of the leading cities of the world. Each embassy or legation is headed by an ambassador or minister appointed by the President by promotion from the ranks of the Foreign Service or by selection from outside the Service. Each such chief of mission is assisted by a staff of diplomatic secretaries, clerks, and subordinate employees. Consular offices are headed by consuls general, consuls, or vice consuls, who have staffs of subordinate officers and employees.

FOREIGN SERVICE OFFICERS

Foreign Service officers, the body of permanent officers of the Foreign Service embracing all counselors of embassy or legation, diplomatic secretaries, consuls general, consuls, and vice consuls of career, are appointed after examination. These officers deal with every problem that enters into the relations of the United States with foreign countries, whether it be political, commercial, administrative, or social. They protect the interests of the Government as well as the interests and persons of Americans traveling in foreign countries. Some conception of the range of the duties of Foreign Service officers may be obtained from the following outline.

The efficient Foreign Service officer—

Creates good will and common understanding, and, with restrained and critical leadership born of mature experience and profound knowledge of men and affairs, uses these as instruments for enhancing international confidence and cooperation among governments and people.

Adapts himself, his conduct, and his mode of living, appropriately to climate and surroundings in the country to which he is assigned.

Learns to speak the language of the country in a manner that reveals a background of intelligence and cultivation.

Comprehends his own country, and with unremitting endeavor comes to understand deeply the foreign country where he is stationed.

Further accurate knowledge and friendly understanding of the United States, in foreign countries; and, also, of the foreign countries, in the United States.

Promotes and protects the interests of the United States and of its citizens.

Makes effective representations to the authorities of foreign governments concerning the protection of American citizens, their rights, and their property, in accordance with international law.

Advises and assists Americans traveling abroad for business or other purposes with wise counsel and accurate information.

Negotiates, with tact, sound judgment, and intimate knowledge of conditions at home and abroad, protocols, conventions, and treaties, especially regarding international intercourse, tariffs, shipping, commerce, preservation of peace, etc., in strict conformity to Government instructions.

Cooperates and counsels with superior officers and colleagues in Government service, on all matters relating to his official duties.

Establishes and effectively utilizes personal contacts in farsighted ways for the benefit of his Government and of American citizens.

Analyzes and reports on political and economic conditions and trends of significance to the United States.

Analyzes and reports on market conditions, statistics of trade, of finance, of production, of labor, etc., in foreign countries, so far as they are significant to the United States and to its people.

Analyzes and reports on crops and other agricultural, forest, fishing, and mining resources, so far as they may affect similar American interests.

Analyzes and reports on shipping practices, shipping legislation, freights, charters, pools, etc., so far as they vitally affect any American interests.

Reports on all legislation of interest to the United States.

Reports on tariffs, both laws and practices.

Reports on vital statistics of Americans abroad.

Replies to individual trade and other inquiries from American citizens in ways to promote good will and help both present and future trade relations.

Exercises skill in following prescribed form and routine procedure when possible; and displays discriminating judgment, as may be necessary in more complicated situations requiring investigations, careful accumulation of information, or professional understanding of laws, customs, conditions, etc.

Issues passports to American citizens, registers citizens, and advises on questions relating to citizenship generally.

Issues bills of health, makes sanitary reports, and supervises disinfection of merchandise.

Certifies invoices of all goods shipped to the United States and reports on undervaluations for protection of revenues.

Visas alien passports and issues immigration visas under immigration laws.

Enters and clears American ships and airships, administers relief of seamen, signs on and discharges seamen, settles disputes between masters and seamen, and takes charge of shipwrecked vessels.

Assists in prevention of importation of prohibited articles.

Administers regulations relating to plant and animal quarantine.

Takes custody of and with sagacity administers and settles estates of American citizens

- Maintains records of business and files of correspondence received and sent.
- Estimates needs of office and plans budget expenditures for present and future activities.
- Receives, cares for, and accounts for public property in accordance with Government regulations.
- Collects and properly accounts for fees for services rendered under law.
- Disburses funds received from the Treasury of the United States for salaries, wages, and contingent expenses; makes up required returns and accounts; and remits surplus funds to Treasury.

During an officer's career in the Service he is expected to serve where he is needed or where he is deemed best qualified to serve, whether that be in a consular office, a diplomatic mission, or the Department of State in Washington. Officers are utilized interchangeably in consulates, diplomatic missions, and the Department.

EXAMINATIONS

Applicants should read carefully the information given under the heading "Applications" on page 359.

Applications for designation must be filed not later than 40 days before the date set for the written portion of the examination. When designated, applicants are notified by letters of designation which furnish all information necessary as to the date and places of the examination. These letters are mailed shortly before the date when designations are closed.

The written examinations are held by the Civil Service Commission in Washington, Atlanta, Boston, Chicago, Cincinnati, Denver, New Orleans, New York, Philadelphia, St. Louis, St. Paul, San Francisco, and Seattle.

Candidates who succeed in obtaining sufficiently high marks in the written tests to indicate probable qualifications for the work of the Foreign Service are informed of the date on which they may appear before the Board of Examiners for the Foreign Service in Washington for an oral examination, the object of which is to ascertain the extent to which candidates are qualified for the proper performance of the duties of the Foreign Service from the point of view of their character, address, judgment, general education and culture, contemporary information, practical experience, and apparent business capacity. Their physical fitness is determined by Government surgeons in Washington or elsewhere acting in an advisory capacity to the Board of Examiners. Those candidates who receive a passing mark on the whole examination are certified to the Secretary of State as eligible for appointment, and as vacancies occur in the Foreign Service their names are drawn from the eligible list in the order of their examination marks.

Candidates successful in an examination are not assured of appointment, that being a matter which depends necessarily upon the number of eligibles obtained as the result of an examination and the vacancies occurring during the life of the eligible list, which is 2 years. Candidates are not examined with reference to their possible appointment to a particular post or part of the world, the assignment of officers being made as their qualifications indicate and the needs of the Service require.

Many colleges and universities furnish courses covering the subjects given in the Foreign Service examination. The Government does not recommend any particular educational institution to persons wishing to prepare themselves for the Foreign Service examination, nor does it prescribe any course for them to follow. Persons wishing to make special preparation should correspond, with respect to courses of study, direct with such educational institution as they may wish to attend.

Applicants for examination are referred to the pertinent sections of the act of February 23, 1931, beginning with section 7, on page 361, and to the regulations of the Board of Examiners for the Foreign Service beginning on page 369.

No one will be certified as eligible for appointment as a Foreign Service officer who is under 21 or over 35 years of age, except as provided in section 8 of the regulations mentioned above.

FOREIGN SERVICE OFFICERS' TRAINING SCHOOL

After appointment by and with the advice and consent of the Senate, officers are given probationary assignments to the field for preliminary training under the direction of experienced officers. There they perform, under supervision, some of the usual duties of a career officer. After experience of this character they are assigned to the Department of State for a course of instruction in the Foreign Service Officers' Training School. Only persons who have been successful in the examination and have been duly appointed Foreign Service officers are admitted to this School. After several months in the School, officers are assigned to the field for duty in consular offices as vice consuls.

SALARIES

The entrance salary of Foreign Service officers is \$2,500 a year, the classes and the salaries in each class being as follows:

Class 1.....	\$9, 000 to \$10, 000
Class 2.....	8, 000 to 8, 900
Class 3.....	7, 000 to 7, 900
Class 4.....	6, 000 to 6, 900
Class 5.....	5, 000 to 5, 900
Class 6.....	4, 500 to 4, 900
Class 7.....	4, 000 to 4, 400
Class 8.....	3, 500 to 3, 900
Unclassified.....	2, 500 to 3, 400

In addition to the salaries to which members of the Foreign Service may aspire, their necessary expenses of transportation and subsistence, when traveling upon public business, are paid, and each officer receives, when in the field, an allowance for rent, heat, and light of living quarters.

EDUCATIONAL REQUIREMENTS

It is not required that a candidate for examination have a college education. However, of the Foreign Service officers now in the Service, about 75 percent are college graduates; a little over 17 percent attended college but did not graduate; and only about 8 percent have had no college training. As experience with the Foreign Service increases, the conviction grows that the broader the education of an officer upon his entry into the Service, the better his opportunity of success.

ADVANCEMENT ON MERIT

The admission, the advancement, and the assignment of officers depend upon their own ability and merit so far as the agencies designated by the President and the Department of State are able to determine those qualities. Thus, a young man may enter the Foreign Service and advance in the course of time through the Service classes to the position of counselor of embassy or consul general. The opportunity for advancement for the officer of outstanding ability and worth does not cease with the attainment of class 1. The law requires that the Secretary of State shall recom-

served 30 years receives 60 percent; an officer who has served 27 to 30 years receives 54 percent; an officer who has served only 15 to 18 years receives 30 percent of his average annual basic salary for the 10 years next preceding his retirement. On the other hand, an officer may voluntarily retire at the end of 30 years' service and receive an annuity based upon the length of his service and his average annual salary for the 10 years preceding his retirement. This makes it possible for an officer who enters the Service at the early age of 25 years to retire voluntarily when he shall have reached the age of 55.

Employees in the Foreign Service who are American citizens are subject to the Civil Service Retirement Act in the same manner as civil-service employees in the United States.

APPLICATIONS

Persons seeking designation for the examination for the career service, or appointment to a clerkship, may obtain forms of application from the Department of State. Applications and all correspondence should be addressed to the Secretary of State, Washington, D. C.

Married applicants for appointment as Foreign Service officer of career are required to submit with their applications certified copies of the birth certificate or other documentary evidence of American citizenship of husband or wife inasmuch as no person married to an alien may be designated for entrance examinations for the Foreign Service.

Applications must be filled out completely in the handwriting of the applicant and accompanied by five endorsements in the form of letters from competent and responsible persons, attesting the moral character, integrity, good deportment, and ability of the applicant, his business experience, and his qualifications as set forth in the application. It is desirable that at least three of these letters be obtained from teachers or employers of the applicant. The originals of all endorsements listed in the application must be filed therewith; copies are not acceptable. Endorsements remain a part of the Government records and may not be withdrawn while a person remains an applicant or while he is an officer or employee of the Department of State.

Applicants submitting both forms of application need to furnish only one set of the documents required by the forms—that is, one birth certificate, one photograph, and five letters of endorsement.

Applicants in their correspondence with the Department should always sign their names as given in their applications, without enlargement or contraction, one given name at least being used.

An applicant should be particularly careful to give his legal residence correctly.

An application is considered as pending for a period of 2 years. After such period has elapsed another application with one or two commendatory letters covering the applicant's activities since the date of his expired application will be necessary to obtain further consideration.

The Department does not furnish information regarding vacancies or possible vacancies in the Foreign Service.

The procedure followed in making appointments to the Foreign Service is different from that which obtains in the matter of appointments in the Department of State in Washington. Practically all positions in the domestic service of the Department are filled by persons having a Civil Service status. Information concerning the method of acquiring such a status may be obtained from the Civil Service Commission, Washington, D. C.

CLERKS

No formal examination is required for appointment to a clerkship; the Department, however, reserves the right to examine an applicant in any particular it may deem advisable. Persons sent abroad as clerks in the Foreign Service receive initial compensation from \$1 560 to \$2 000 a year. Compensation begins upon the date of departure for the post to which they are assigned. Transportation expenses are paid by the Government, under certain regulations. Appointees are expected to remain in the Service for at least 2 years, and their transportation expenses in returning to the United States in case of resignation are not payable unless they have served for that period. They are, furthermore, expected to accept such assignments or transfers as the Department may deem desirable in the best interests of the Service. No appointments can be considered for special countries, although a statement as to preference of assignment may be submitted. The duties of clerks

consist of such work as may be assigned to them by the officers in charge. It is desirable that clerks should be stenographers and possess a knowledge of the language of the country in which they are to be employed.

Appointments are restricted to those who are unmarried and without dependents.

The employment of citizens or subjects of foreign powers as clerks in diplomatic offices is prohibited by law.

Women are equally eligible with men for clerkships in the Foreign Service. However, the climatic and social conditions at many posts render it impossible for women to serve at them with satisfaction to themselves and advantage to the Government.

No one who is under 21 or over 35 years of age or who is not in excellent physical condition will be considered for these positions. The Department may require the applicant to undergo a physical examination.

Applicants for clerkships should read carefully the information on page 359 under the heading "Applications", and also sections 1 to 6, inclusive, of the act of February 23, 1931, *infra*.

NONCAREER VICE CONSULS

It is the practice of the Department to commission clerks as noncareer vice consuls only when a need exists at the office to which they are assigned, and not until they have served for a sufficient period to judge of their abilities and conduct and whether they merit such recognition. Clerks commissioned as noncareer vice consuls are not eligible for promotion to the grade of Foreign Service officer without undergoing the prescribed examinations. A commission as noncareer vice consul does not carry with it an increase in compensation.

TRANSLATORS AND INTERPRETERS

Many of the clerks in the Foreign Service are qualified to translate and interpret the language of the country in which they are stationed, and persons are not sent abroad to fill positions as translators and interpreters, as such.

ATTACHÉS

Military, naval, and commercial attachés are officers of the War Department, Navy Department, and Department of Commerce, respectively. Information concerning appointments to these positions may be obtained from the departments concerned.

All such information shall be appraised at least once in two years and the result of such appraisal expressed in terms of excellent, very good, satisfactory, or unsatisfactory, accompanied by a concise statement of the considerations upon which they are based, shall be entered upon records to be known as the efficiency record of the officers, and shall constitute their efficiency ratings for the period. No charges against an officer that would adversely affect his efficiency rating or his value to the service, if true, shall be taken into consideration in determining his efficiency rating except after the officer shall have had opportunity to reply thereto. The Assistant Secretary of State supervising the Division of Foreign Service Personnel shall be responsible for the keeping of accurate and impartial efficiency records of Foreign Service officers and shall take all measures necessary to ensure their accuracy and impartiality. Not later than November 1 at least every two years, the Division of Foreign Service Personnel shall, under the supervision of the Assistant Secretary of State, prepare a list in which all Foreign Service officers shall be graded in accordance with their relative efficiency and value to the service. In this list officers shall be graded as excellent, very good, satisfactory, or unsatisfactory with such further subclassification as may be found necessary. All officers rated satisfactory or above shall be eligible for promotion in the order of merit to the minimum salary of the next higher class. This list shall not become effective in so far as it affects promotion until it has been considered by the Board of Foreign Service Personnel hereinbefore provided for and approved by the Secretary of State: *Provided*, That this list shall not be changed before the next succeeding list of ratings is approved except in case of extraordinary or conspicuously meritorious service or serious misconduct and any change for such reasons shall be made only after consideration by the Board of Foreign Service Personnel and approval by the Secretary of State, and the reasons for such change when made shall be inscribed upon the efficiency records of the officers affected. From this list of all Foreign Service officers recommendations for promotion shall be made in the order of their ascertained merit within classes. Recommendations shall also be made, in order of merit, as shown by ratings in the examinations for appointment to the unclassified grade, with commissions also as diplomatic secretaries and vice consuls, of those who have successfully passed the examinations. All such recommendations shall be submitted to the Secretary of State for his consideration and if he shall approve, for transmission to the President.

"The correspondence and records of the Division of Foreign Service Personnel shall be confidential except to the President, the Secretary of State, the members of the Board of Foreign Service Personnel, the Assistant Secretary of State supervising the division, and such of its employees as may be assigned to work on such correspondence and records.

INCREASE IN SALARY FOR SATISFACTORY OR MERITORIOUS SERVICE—RETIREMENT ON ACCOUNT OF UNSATISFACTORY SERVICE—SEPARATION FOR MALFEASANCE IN OFFICE

"SEC. 33. That notwithstanding the provisions of section 10 of this Act all Foreign Service officers having a rating of satisfactory or better who shall have been in classes 5, 6, 7, or 8 for a continuous period of nine months or more, shall, on the first day of each fiscal year receive an increase of salary of \$100, except that no officer shall receive a salary above the maximum of his class and all such officers in classes 1, 2, 3, or 4 shall in the same circumstances receive an increase of \$200: *Provided*, That the Secretary of State is authorized to fix the salaries of Foreign Service officers in the unclassified grade within the salary range specified in section 10 of this Act; and, within the limits of appropriation therefor, to grant to Foreign Service officers in any class additional promotion in salary within the salary range established for the classes in which they are serving, based upon especially meritorious service. Increases in salary under the terms of this section shall be paid to Foreign Service officers only as the right to such increases accrues after the effective date of this Act. The President is hereby authorized to establish by Executive order, regulations providing for the separation of Foreign Service officers from the Foreign Service, in accordance with the conditions herein after prescribed. Foreign Service officers so separated from the Foreign Service shall be retired from the service, after a hearing by the Secretary of State, upon an annuity equal to 25 per centum of his salary at the time of retirement, in the case of officers over forty-five years of age or in the case of officers under forty-five years of age with a bonus of one year's salary at the time of

his retirement, either annuity or one year's salary to be payable out of the Foreign Service officers' retirement and disability fund and except as herein provided, subject to the same provisions and limitations as other annuities payable out of such funds; but no return of contributions shall be made under paragraphs (i) or (l) of section 26 of this Act in the case of any Foreign Service officer retired under the provisions of this section. Whenever it is determined that the efficiency rating of an officer is unsatisfactory, thereby meaning below the standard required for the service, and such determination has been confirmed by the Secretary of State, the officer shall be notified thereof, and if, after a reasonable period to be determined by the circumstances in each particular case, the rating of such officer continues to be found unsatisfactory and such finding is confirmed by the Secretary of State after a hearing accorded the officer, such officer shall be separated from the service with the annuity or bonus provided in this section, but no officer so separated from the service shall receive the said annuity or bonus unless at the time of separation he shall have served at least fifteen years. He shall, however, if he has not served at least fifteen years have returned to him the full sum of his contribution to the annuity fund, with interest thereon at 4 per centum compounded annually. The benefits of this section, except at the option of the Secretary of State the return of an officer's contribution to the annuity fund, shall not be given to Foreign Service officers separated from the Foreign Service on account of malfeasance in office.

SALARY NOT TO BE REDUCED UPON PROMOTION TO A HIGHER CLASS

"SEC. 34. That nothing in this Act shall be construed to reduce the salary of any Foreign Service officer upon promotion to a higher class.

DISTRICT ACCOUNTING AND DISBURSING OFFICES

"SEC. 35. That the President is hereby authorized, whenever the necessity for such office with a view to effecting economies in accounting procedure is apparent, to prescribe certain fiscal districts or areas and to establish within each such district as a part of the Department of State service, a district accounting and disbursing office to exercise control over the accounts and returns of all diplomatic missions and consular offices within the district in such manner as the President may direct. To each such office may be assigned the administrative accounting responsibility for receipts and expenditures of the diplomatic missions and consular offices within the district. Each district office shall be in charge of an accountable officer, to whom all fees, and other official monies, received by any diplomatic, consular, or Foreign Service officer may be accounted for, under such rules and regulations as may be prescribed by the Secretary of State, all such fees and monies, or the residue thereof after the payment of salaries, allowances, and current expenses of the diplomatic missions and consular offices within the district, to be paid by the district accounting and disbursing officer into the Treasury of the United States. Such district accounting and disbursing officers accountable for public monies may entrust monies to other bonded officers for the purpose of having them make disbursements as his agent, and the officer to whom the monies are entrusted, as well as the officer who entrusts the monies to him, shall be held pecuniarily responsible therefor to the United States. All diplomatic, consular or Foreign Service officers on duty within the area covered by such district offices may be required to render accounts of their disbursements to the officer in charge of such district office to be included in his accounts. Said district accounting and disbursing officers and their agents shall be bonded respectively to the United States for the faithful performance of their duties in such penal amounts as the President may require.

"*Provided further*, That the Secretary of State is authorized to appoint such district accounting and disbursing officers and their assistants in the same manner as clerks in diplomatic missions and consular offices are appointed.

"Section 3622 of the Revised Statutes of the United States (U.S.C., title 31, sec. 496), and any other existing statutes, in so far as they conflict with this section are hereby amended.

REGULATIONS GOVERNING EXAMINATIONS FOR THE FOREIGN SERVICE PROMULGATED BY THE BOARD OF EXAMINERS JULY 1, 1931

The Board of Examiners for the Foreign Service, in the discharge of the duty entrusted to it by the order of the President dated June 8, 1931, of formulating rules for and determining the scope and method of examinations of applicants for admission to the Foreign Service, prescribes the following regulations:

1. *Examinations for unclassified grade only.*—Examinations will be for the grade of Foreign Service officer, unclassified, with the understanding that successful candidates will be assigned to the diplomatic or consular branch of the Foreign Service according to the needs of the Service and the special qualifications of the candidates.

2. *Time of examinations.*—Examinations will be held as the needs of the Service require and as the Board of Examiners may deem necessary, upon dates to be publicly announced through the press.¹ All persons designated for examination will be notified in writing in advance of the examination. Examinations for particular candidates on dates other than those on which the regular examinations occur will not be held except as provided in section 3.

3. *Place of examination.*—All examinations will be held in Washington or at other places specified in the letter of designation. Candidates for examination who are clerks and employees in the Foreign Service and private secretaries to chiefs of mission may be permitted to take the written examination at their posts of duty upon a regular examination date specified by the Board and the oral examination upon the occasion of their presence in Washington after the date of taking the written examination. This oral examination, for subordinates in the Service and private secretaries to chiefs of mission only, will be held on the second Tuesday of February, April, June, August, October, and December of each year.²

4. *Designations.*³—No one shall be designated to take an examination who is under 21 years of age at the time of the examination or who will reach the age of 35 before the completion of the examination for which he seeks designation (except American clerks and employees in the Foreign Service who may be certified as eligible for appointment under the provisions of section 8 of these regulations); who has not been a citizen of the United States for at least 15 years; who is married to an alien; and who is not of good character and habits.

No designations will be made within the 40 days immediately preceding the date set for the holding of the written portion of an examination.

5. *Scope of examination.*—The examinations shall be both written and oral, except that American clerks and employees in the Foreign Service who have rendered satisfactory service in such capacities for the 5 years immediately preceding application for appointment as Foreign Service officers shall be exempted from the written examinations prescribed for other candidates. The written examination will include the subjects prescribed by the President, to wit: elements of international, maritime, and commercial law; arithmetic as used in commercial statistics, tariff calculations, exchange and simple accounting; modern languages (French, Spanish, or German is required, and a candidate may offer, in the oral test, in addition to one of these any languages with which he may be familiar); elementary economics, including the natural, industrial, and commercial resources of the United States; political and commercial geography; American history, government, and institutions since 1776; and history of Europe, Latin America, and the Far East since 1776. Candidates will also be examined in political economy, and they will be rated in English, composition, grammar, punctuation, spelling, and penmanship as shown by their replies to questions in the written examination.

The oral examination will be designed to ascertain the physical, mental, and temperamental qualifications of candidates for the proper performance of the duties of the Foreign Service; their character, ability, address, judgment, fitness, general education, culture, contemporary information, experience, and business ability. In this part of the examination the applications previously filed, together with all other available information concerning the candidates, will be utilized in ascertaining the pertinent facts.

6. *Method of examination.*—The written examination will be conducted for the Board by the Civil Service Commission and will usually occupy 3 days. The oral examination will be conducted by the Board after the candidates shall have completed the written examination. Candidates attaining an average below 70 in the written examinations will not be admitted to the oral examination.⁴ The physical fitness of the candidates will be determined by Government surgeons in Washington or elsewhere acting in an advisory capacity to the Board of Examiners, in accordance with the standards prescribed by the Board. combined written and oral examinations, but who are rejected as a result of their physical examination, may take a subsequent physical examination to determine whether the defects found in the first examination still exist. This subsequent physical examination shall be taken within 4 months from the date of the original examination.

7. *Ratings.*—The written and oral examinations shall each be rated on a scale of 100, and no person receiving an average of less than 80 on the combined ratings of the two examinations shall be eligible for certification. American clerks and employees in the Foreign Service who have rendered satisfactory service for 5 years immediately preceding application for appointment as Foreign Service officers and are therefore exempted from the written examinations prescribed for other candidates must receive a rating of 80 on the oral examination in order to be certified as eligible for appointment.¹

8. *Certification.*—The names of candidates who shall have attained upon the whole examination the required rating of 80 will be certified by the Board to the Secretary of State, in the order of their standing in the examination, as eligible for appointment. 9. *Results of examinations.*—The results of the examinations will be made known to candidates as soon as the report of the Board shall have been submitted to the Secretary of State, and they will be informed of the rating in each subject and the average in the written examination, the total rating in the oral examination, which includes the physical examination, and the rating on the whole examination. No information in regard to the details of the oral examination will be made public.

10. *Duration of eligibility.*—The names of eligible candidates who have not been appointed or whose names have not been withdrawn by the candidates will remain upon the eligible list for 2 years from the date of certification, when they will be dropped therefrom, and the candidates will not again be eligible for appointment except upon a new application, designation, and examination. Eligible candidates who have been appointed and who do not accept appointment will not again be eligible for appointment except as hereinbefore provided.

11. *Failure to report.*—Candidates who fail to report for the examination for which they have been duly designated may not be admitted to a subsequent examination unless specifically designated to take such subsequent examination.

12. *Political affiliations not considered.*—The political and religious affiliations of candidates will not be considered either in examinations or certifications.

13. *Expenses of candidates.*—The traveling and other personal expenses of candidates in connection with the taking of examinations are not borne by the Government.

14. *Previous regulations revoked.*—The regulations governing examinations for the Foreign Service promulgated by the Board of Examiners December 15, 1924, and amendments thereto, are hereby revoked.

¹ As amended Apr. 14, 1933.

² The age specified is regarded as having been attained on the day preceding the 21st or 35th anniversary of the person's birthday. (22 Cyc. 512; Opinion of the Solicitor for the Interior Department, Aug. 24, 1920.)
